(a) whether export promotion bodies are confident of achieveing higher export during 2002-2003 as compared to poor performance in the previous year;

(b) if so, whether during the last year, the export growth rate dipped to a negative 0.08 per cent;

(c) if so, what are the main points on which the export promotion council has expected that the export growth will be 12 per cent; and

(d) what efforts are being made to achieve this target?

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI RAJIV PRATAP RUDI): (a) to (c) The total value of India's exports of merchandise goods for the year 2001-02 are estimated at US $ 43.6 billion which is 1.17% lower than the previous year mainly due to the global economic slowdown and the impact of September 11 events and its aftermath. For the fiscal year 2002-03, a target of 12% in dollar terms, has been fixed in consultation with Export Promotion Councils. The exports during the first quarter of 2002-03 have witnessed a growth of 11.29%. The world trade scenario has improved. Besides many measures have been taken to step up exports.

(d) Based on the Medium Term Export Strategy announced by the Deptt. of Commerce and the action plans prepared by the various Export Promotion Councils/Commodity Boards, specific product and market related strategies are implemented to enhance the export growth during current year. Further, in the Exim Policy 2002-07, a number of measures have been announced to promote exports which include additional features for Special Economic Zones, a scheme to reimburse certain admissible

expenses for export of certain agricultural products, development of clusters to help small scale exports, additional support for electronic hardware exports, further reduction in transaction costs, etc.
